23rd June 2026

Dear Parents and Carers,

Due to the exceptionally high temperatures forecast this week, I would like to update you on the arrangements for the remainder of the week.

Classroom temperatures this morning are already **5°C hotter than the outside temperature**, and outside temperatures are expected to reach **35°C** today. As of today, the Met Office predicts temperatures of up to **39°C** on Thursday. With up to 30 pupils in some classes, indoor temperatures are likely to rise significantly above the outside temperature.

In light of these circumstances, parents who wish to collect their child(ren) early, may do so at **1:10 pm today, otherwise collection will be normal time of 3.15 pm.**

If you are unable to collect your child at 1.10pm, please be assured that school will remain open as normal until **3:15 pm**, and **After School Care will continue to operate as usual for today.** Quiet activities will take place during the afternoons.

To help us plan staffing and ensure pupils are dismissed safely, we would appreciate advance notice if you intend to collect your child at 1:10 pm. Please email the school office informing us.

These arrangements will remain in place on **Tuesday, Wednesday and Thursday** of this week while the current heatwave continues. Thank you for your understanding and support as we work to keep all pupils as comfortable and safe as possible during this period of extreme weather.

Kind regards,

Mrs Jordan

Head of School
