Our Early Help Offer

Early Help is a pathway to supporting you and your child as they grow up when you or they may need further support or guidance. Providing early help to our pupils and families at Tibberton and Hindlip C of E First Schools means we can improve outcomes for children, families, and communities, providing support as soon as a problem emerges, at any point in a child's life, from the early years through to teenage years.

Early Help can support children and their families who may be struggling with:

- Routines and family rules
- Families who may be not be eating healthy food
- Keeping to a healthy lifestyle
- Children who are caring for a family member
- Children who may not want to go to school for different reasons
- Disability within the family including children being a young carer
- Children in the family have special educational needs (SEND)
- Children who may becoming involved in anti-social or criminal behaviour
- Children who go missing from home
- Children or parents / carers misusing drugs or alcohol
- Children at risk of being tricked, forced, or made to work in the criminal world
- Children who may need support because they may live in a home and see drug or alcohol abuse or adult mental health problems.
- Children who have parents who argue a lot (and sometimes might hurt each other) whether the parents live together or apart.
- Children at risk of being groomed to join groups which support illegal views
- A privately fostered child (a child from another family living within your family home)

Early help relies upon local groups and people in the community, sometimes we work together to help children, young people, and their families. Everyone needs help at some time in their lives and therefore an ethos of early help is important for any school.

At Tibberton and Hindlip C of E First Schools we recognise the challenges that families face in bringing up children. There may be times when you need extra help and support. If this is the case please come and talk to us. There are many ways in which we can help as outlined in this offer of early help. As Church of England Schools we are committed to enabling every person to flourish and live out 'life in all its fullness'. We want our children to grow in wisdom; to cultivate a wide-ranging knowledge that will help broaden life chances; to develop the spiritual, intellectual and emotional resources they need to live a good life; and to develop the character to live well together in community. Sometimes this needs a helping hand.

The diagram below shows the range of needs at different levels. We use this graduated approach to make sure we provide the best support for different families' individual situations.

Local Services

<p>Worcestershire Virtual Family Hub – It is important that families know where to go and get help. We know that where to start or what to ask for can sometimes be a challenge. SEND (Special Educational Needs and/or Disabilities)

At Tibberton and Hindlip CE First Schools we value the abilities and achievements of all our children. The teaching and learning, achievements, attitudes and well-being of every child are important. We follow the necessary regulations to ensure that we take the experience and needs of all our children into account when planning for learning.

We aim for all pupils to have access to an ambitious, broad, balanced and inclusive curriculum and ensure the best learning conditions for each child, through adaptive teaching, varied teaching styles, resource and adult support.

The Special Educational Needs Coordinator (SENCO) is Mr Josh Uren. The SEND governor is Mrs Lynn Dickens. The role of SENCO is to work with staff, parents and outside agencies to coordinate provision for children with Special Educational Needs and Disabilities (SEND).

From September 2014, schools were required to outline and publish the provision they make for children with special educational needs and disabilities. You can read all about them within our SEND Policy and Information Report under SEND on our school websites. The information will hopefully answer any questions that you may have.
